## ADDITIONAL ITEMS

### » DANCE FLOORS

From black or white LED dance floors to plain seamless gloss floors with a high shine flawless look, to mirror finish floors in silver, gold, or rose gold for the ideal center focal point of your event. Printed dancefloors with your chosen design. Stunning floor decor designs to match with your deco or theme, or then a bespoke designed logo with a choice of name, initials, and date. A palette colors, designs and finishes available from our decal library our in-house designers will design for you with your approval.

### » HEADTABLE DESIGN

Your focal point and raised platform for all guests to see the special couple. We want you to be highlighted on your big day; we can design a breath-taking headtable. With our expertise in events, you can be assured that that we will use the latest technology in lighting, LED screen technology and large format printing to make this bespoke to you.

### » SPARKULARS

The sparkular is the newest innovation available for hire in indoor pyrotechnics. The sparkular fountain machine allows you to create stunning displays and chases that can be synchronised with music. The more machines you add, the more impressive your display can look. The machines use sparkular powder which lasts 10-15 minutes and a controller which can control up to 18 machines adjusting the height and duration of the spark effect alongside giving you easy to use preset chases and the ability to create custom sequences.

### » CO2 JETS/GUNS

CO2 jets are an effect designed to punctuate that special moment by creating a large, instantaneous column of white gas. They are exciting, loud, very visual and deliver an exciting effect. They can be utilised by hand held guns or then fixed to stage or tussing.

## ADDITIONAL ITEMS

### » BESPOKE BARS

An ideal cocktail reception centerpiece can be a perfect addition to a venue where you do not have a bar in the same suite. Our Bespoke Bars are adaptable and can be extended up to any chosen length. We offer both square and circle bars too. Our complete bespoke design is manufactured by our intuitive team. Bar and lounge furniture is now available to match the bar & event design.

### » LED VIDEO SCREEN

Our new LED screen is the ideal centre point feature for any set up. The P3.9mm or P2.6mm pixel pitch allows its picture to cut through any light with a crisp, clean and clear influence at any distance. Our LED screen can be adapted and arranged as one large screen or even a huge panoramic screen ranging from 6ft to 30ft+ wide screen Split screens and further creative designs with LED video panels are also available.

### » LIGHTING

Take your event a step further with lighting production, incorporating the whole of the venue, staging, and features of the venue into account giving that added pizzazz to your event. We will design the best solution whether that is hanging truss into the venue or creating a custom solution to work with your chosen venue.

### » PA SYSTEMS FOR WEDDING CEREMONIES

Capture your guests' attention and engage them in the most sacred part of your wedding ceremony by amplifying your priest, ceremony host, or registrar using our wireless microphone kits with the option of handheld, tie clip-on, or headset microphones and multiple distributed speaker set ups, in filled with uniquely selected music playback playlist we create with yourself. All managed by Kamology sound technicians who are experienced in your religious ceremony.

### » LED SCREEN TO REPLAY WEDDING CEREMONY

Display your wedding ceremony in real time with a super sharp live video feed. Guest seated through the venue can view those special moments and join in with you, whilst sharing those unforgettable moments. Get all your guests with the use of big screen technology.

### » MINI MUSIC SYSTEMS FOR COCKTAIL RECEPTIONS

Simple and discreet speaker system set up to be hidden away and only to be heard. Choose from a magnitude of playlists to suit your event theme and style and get guests into the ideal atmosphere and allow them to be at ease
